

MATERIAL SPECIFICATION

TEXTAR

Textar G115

Class:

Premium / OE

Application:

Truck

Features and Benefit:

Textar G115 is an OE lining developed specifically for S-Cam and Z-Cam brakes in trucks. This premium material was developed and tested to the standards of OE and exhibits an excellent speed and temperature sensitivity characteristic which makes it very robust under high temperature conditions and against fade. The material exhibits a good wear characteristic and is kind to the brake drums
