

MEYLE-ORIGINAL axle support bushing in new design

to fit Audi A6 [4B], Skoda Superb [3U] and VW Passat [3B]

The MEYLE-ORIGINAL axle support bushing for the Audi A6 (4B), Skoda Superb (3U) and VW Passat (3B) are produced in a forged version. As a result of process and material optimisations the bearings have been given a new design.

The MEYLE-ORIGINAL axle support bushing in the new design can be delivered from the middle of September. Available as single unit or as a repair set complete with accessories.

Important note:

There are no differences whatsoever in the installation between this new design and the previous cast version.
