Figure 4: New design

As part of our continuous efforts to improve our products, modifications have been made to the tensioning pulley with part number 531 0756 10.

Both versions comply with the technical specifications and can be used without restrictions.

This Service Information sheet shows the visual features of the previous version (Figures 1 and 3) and the new version (Figures 2 and 4).

Note the specifications of the vehicle manufacturer!

During the transition period, we may have mixed stocks of both types.

Spare parts and technical information can be found under www.schaeffler-aftermarket.com or www.RepXpert.com.
